## GUARD AGAINST COMMON COLDS

State Health Officer Says, In Effort To Stamp Out Flu—Physicians Report 102 Cases So Far.

Rigid quarantine against anyone who is suffering from a bad cold and may not think that he or she is a potential flu spreader is being insisted upon by Dr. J. J. Whittenberg, of the State Board of Health, who is here this week in charge of efforts that are being made to stamp out the epidemic. Dr. Whittenberg is insisting that all must watch the first cold as it is more often than not incipient influenza during such a time as this. He is telling the people to keep plenty of fresh air in their homes, use other ordinary health precautions and do all they can to conserve their health themselves.

Dr. Whittenberg spent a large part of yesterday inoculating children at Caldwell School and at the Model school of E. K. S. N. with the Mayo serum, which has had such beneficial results wherever it has been used. A total of 109 children were inoculated at Caldwell yesterday and 49 at the Model school. Dr. Whittenberg is continuing this work today. He says that there is plenty of this serum and enough will be supplied the physicians of the city to inoculate all adults in town who desire it.

About 102 cases have so far been reported this week to Assistant Health Officer Dave Powers by the city physicians. There have been a number of new cases reported each day, but with the right sort of preventive measures, it is believed that spread of the epidemic can soon be checked.

Mr. William Moynahan has been very sick with flu but hopes to be out in a few days.

Mr. Alex King who has been quite ill, is considerably improved.

Mr. Thomas Clouse and family are all reported ill with the flu.

The family of Louis Powell are reported down with the flu.

George Turpin is a flu victim.

Enos Thomas, of the Union City section, is ill with the flu.

C. Mooney, of Round Hill, is on the flu list.

John D. Noland, of Doyleville, is a flu victim.

Alex Prewitt, of Round Hill, is ill with flu.

## Women Have Seats With G. O. P. National Committee

Chicago, Jan. 10—Two women, Mrs. Josephine Preston, of Washington, and Miss Mary Hay, of New York, occupied seats in the Republican National Committee meeting here today for the first time in the history of that organization. They held proxies and enjoyed all the rights of regular members, which is taken to indicate that in the future women will be urged to take an active part in every branch of republican politics.

The leaders discouraged suggestions for Presidential candidates but the indications were that about a score of persons will seek the nomination. In naming campaign issues, the committeemen were outspoken in their criticism of alleged extravagance of the National Democratic administration. The majority seemed to favor a strong declaration against socialistic policies, including federal ownership or operation of railroads or other public utilities.

## Freedom of Seas and Moroccan Issues Settled

London, Jan. 10—Reuters' Messages from Paris indicate that Premier Clemenceau and Lloyd-George scored a great success on the freedom of the seas and that very little is likely to be said on the subject when the actual peace conference assembles. The Spanish-Moroccan question has also been settled to the satisfaction of England and France.

## Says Dry Amendment Will Be "Over" Next Week

Columbus, O., Jan. 10—Wayne Wheeler, general counsel for the National Anti-Saloon league, today predicted that 36 states will have ratified the nation-wide prohibition amendment by the end of next week, a sufficient number to make the amendment effective throughout the nation. He added "We are now at work on a law enforcement code which will make the nation bone dry."

## NAVAL FORCE OF 225,000

Washington, Jan. 10—A temporary naval force of 225,000 enlisted men for the year beginning next July, was decided upon today by the House Naval Subcommittee in beginning its work of framing the naval appropriation bill. This force is 25,000 less than Secretary Daniel's recommendation.

January corn \$1.44 1/2.

## Miss Belle Breck Tells Vivid Story of Russia

Her friends and relatives here are greatly interested in the vivid account of affairs in Siberia given by Miss Belle Breck, when she spoke before the Woman's Club in Lexington this week. She told how the Y. M. C. A. took real American food to Hungarians, Turkish, Austrian and Jewish war prisoners in Russian prison camps, who had escaped starvation by eating soup made from moths and cockroaches and living on the meat of rats and mice caught in traps, cats, dogs and horses.

Miss Breck, who has been recalled to Siberia to resume her work as one of the leaders of the "Y" relief work among war prisoners, spoke before leaving for San Francisco, where she will embark for Vladivostok. She returned to the United States recently after living through the days of Russia's melodramatic upheavals during the Kerensky regime and later under the disorderly control of the Bolsheviks. She was only American woman in the part of Russia she was stationed, at one time, and represented the Red Cross and other organizations. Recently she has been visiting her sister, Mrs. Lucas Brodhead, near Versailles, and relatives here.

The part Russia played in the winning of the war must not be forgotten, Miss Breck emphasized in her talk, because of the present chaos in the land of Lenin.

"Russia saved the day for the allies," she declared. "It is a land of martyrs and heroes."

Miss Breck pointed particular attention of the women to the work done by the Russian women, paying special tribute to Countess Panin, who was a national leader under Kerensky and Mme. Orgetsky, a ward of the former Czar, who, after reduced to poverty, declared she felt "serene as a pauper."

She gave first mention, however, to the Russian men who were slain for the cause which the allies later took to triumph.

"The Real Battalion of Death," she declared, "was not that one commonly called by that name, which was made up of women. It was that battalion of courageous Russian men which held the line against the Germans, and while many fell before the Hun shells, the rest were shot in the back by the Bolsheviks."

## Good Prices At The Madison

The old reliable Madison House is still getting those top prices for its patrons this week. Col. Jesse Cobb is right at top form and with a booster like Elmer Deatherage, and as fine a lot of tobacco as can be seen on any breaks, there is little wonder that the growers are all pleased. A few of the prices that were paid yesterday were:

Green and Smith sold 105 lbs at 19c, 115 lbs at 24c, 255 lbs at 28c, 145 at 38c, 190 at 39c, 215 at 32c.

## The Best Cough Medicine

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist at Auburn, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."

## Local Oil Stockholders Make Big "Clean Up"

Several local stockholders in the Trinity Oil and Gas Company are said to have "cleaned up big" in the sale by that company to the Security Production and Refining Company a half working interest in 90 acres situated in the Big Sinking section of Lee county, for \$95,000. The transfer contains five producing wells near the Ohio Oil Company's Evelyn lease. The Trinity is capitalized at \$100,000, \$75,000 of which is paid in, it is said. The Security Company is capitalized at \$1,500,000, of which \$1,416,000 is issued. According to the terms of the contract, a payment of \$20,000 is to be made at once. After that \$5,000 will be paid monthly for the first four months and \$10,000 for the next five months. George B. Williams, president of the Williams Brothers Bank, at Irvine, is president of the Security Producing and Refining Company.

Oil royalties, especially in the Big Sinking district of Lee county, continue to sell at big prices, and to pay big dividends, it is said.

The well known Pendergrast section of Lee county, is being watched very closely now, as it has proven to be one of the most productive areas in the Kentucky oil fields. Recently J. C. McCombs and F. W. Davis purchased from Clarence Miller, of Irvine, a 1-36 royalty on 920 acres in this section for \$40,000. The deal was consummated January 3rd, and the property was purchased by the two men as independent operations, not in connection with any company.

## Home Hitting High Figure

The Home Warehouse is getting everything ready for some more fancy prices for its patrons when the buyers get back there for the next sales. The Home House is making a great record this season and Will Lucas and his associates believe that they are going to break all past years' records this season. Some of the prices received were as follows:

Wells and Howard 225 lbs. at 20c, 100 at 44c, 125 at 39c, 215 at 50c, 160 at 35c, 230 at 44c, 310 at 39c, 120 at 30c, 180 at 20 1-2c, 85 at 23 1-2c, 110 at 34c, 285 at 16c.

## Aged Resident Has Narrow Escape

"I was at my work, my limbs became numb, I got dizzy and faint, my ears seemed stopped up. I had been troubled with gas on my stomach and severe bloating after meals. Doctors failed to relieve me. One dose of May's Wonderful Remedy, recommended by a corner druggist, proved a life-saver to me. I am continuing with it with splendid results." It is a simple harmless preparation which removes the catarrhal mucus from the intestinal tract and allays the inflammation that causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. H. L. Perry and Son, and druggists everywhere. 1t

## One Death and Many Flu Cases at Brookstown

Brookstown, Jan. 10. There has been one death caused by the flu epidemic in this neighborhood. Mrs. James Lamb died at her home Sunday night at 11 o'clock. She is survived by her husband and three children. Many friends extend much sympathy to the bereaved ones.

Those who are on the sick list with flu are: Mr. and Mrs. S. F. Baldwin, and family; Mr. and Mrs. Jacob Park and son; Mr. and Mrs. Eugene Davis and Caney Davis, Mr. Jim Lamb, Irvin Lamb, Mrs. Stone, Ernest Hugueley and son, William, Andrew Hamilton, Robert Turpin and Hazel Shearer. Mr. Reffett has moved from the McCord farm to Mr. Jim McKinney's farm.

Miss Mary Delta Reed is visiting her father and sisters in Mississippi.

## Bobtown.

The flu victims in our community are improving, only a few new cases. Mr. Zack Neeley's folks have the flu.

Mrs. Susan Lovett died Thursday at the College Hospital, with pneumonia. She left a little boy baby eight days old.

Mr. Thomas Walter Lawson and father were visitors in Garrard Tuesday and Wednesday.

Miss Agnes Lawson is visiting her sister, Mrs. Hiram Baker at Valley View.

Miss Blanche Lawson entertained Sunday in honor of her brother, Mr. Thomas Walter Lawson. Those present were Miss Leona Webb, Messrs. John L. Brown, Robert Jackson, Edward Lawson and Mrs. Hiram Baker.

## Rufus Sims Flu Victim

Rufus Sims, aged about 35 years, died as a result of a short spell of influenza at the home of Squire Jones on the Big Hill pike last night. His death will cause a feeling of sorrow among a wide circle of friends. Mr. Sims had been engaged in the hardware business for a number of years and was liked by all. He was both local firm of D. B. Shackelford and J. H. Oldham, and was energetic and always on the job. He was unmarried.

## SAYS COLD WEATHER BRINGS RETURN OF INFLUENZA

Public Must Be Careful To Avoid Second Epidemic. Easier To Prevent Than Cure. What To Do.

"Encouraging reports of the fewer cases of influenza in this vicinity should not allow us to relax our vigilance or to become careless in the belief that the danger is all over," says a well known authority. With the coming of cold weather there is apt to be a return of this frightful epidemic and its seriousness will depend on the extent of the precautions taken by the public, to prevent infection.

When the air is full of influenza germs, you may constantly be breathing them into your nose and throat. But their danger may be avoided and you may make yourself practically immune to infection if you destroy the germ before it actually begins work in your blood.

During the recent serious epidemic which hit Richmond so hard, most successful results were obtained by many through the simple breathing into the nose, throat and lungs of the medicated air of oil of Hyomei. Probably no better, safer or more sensible precaution against Influenza, Grippe, Coughs, Colds, Bronchitis, or Catarrh of the nose and throat could be employed than to go now to the nearest drug store and get a complete Hyomei outfit consisting of a bottle of the pure Oil of Hyomei, and a little vest-pocket hard rubber inhaling device into which a few drops of the oil are poured.

Carry this inhaler with you during the day and each half hour or so put it in your mouth and draw deep breaths of its pure healing germicidal air into the passages of your nose, throat and lungs to destroy any germ that may have found lodgement there. This simple precaution may save a serious illness and the loss of several weeks work. It is pleasant to use and not at all expensive as the inhaler will last a lifetime and further supplies of the Oil of Hyomei can be had at any drug store for a few cents.

Hundreds of people in this vicinity used Hyomei in this way during the recent crisis and avoided danger. They should not neglect it now for the danger is by no means over. 1ts

## GOVERNMENT SEEMS ON TOP IN BERLIN

Spartan Lose Police Headquarters In Hot Street Fighting and Appear To Have Lost Their Fight

Paris, Jan. 10—The latest news received here indicates that the Ebert government has won a victory over the Spartans, owing to the support of loyal elements with prospects of increased government success.

## SPARTACANS LOSING HEART

Berlin, Thursday, Jan. 9—The government forces are in complete control of that section of Berlin between the Brandenburg Gate and Friedrich Strasse. It has prohibited all processions.

The government scored a decided victory in the capture of police headquarters, one of the Spartan strong holds. The building was taken after a short fight with a few casualties. Eichhorn, the Spartan police chief, escaped, but many of his supporters were captured.

In prohibiting parades, the government gave warning that its troops had orders to fire without waiting for the Spartans to begin, and to shoot to kill. Apparently the Spartans are losing hope. They failed to surmount their mass meeting today and the streets are almost deserted.

"This whole Bolshevik uprising will be put down within the next few days. We are absolutely sure of our position. The entire bourgeoisie and three-fourths of the Berlin workmen are with us." This statement was made today on behalf of the Ebert government.

It is estimated that 200 persons have been killed in the street fighting here since Monday. The hospitals cared for 300 wounded yesterday.

## Hotel Burns At Somerset

Somerset, Ky., Jan. 10—The Newton Hotel, and several other business buildings were destroyed by fire here last night. The loss is approximately \$50,000. The origin of the blaze is unknown. The hotel is the fourth on the same site to be burned in the last 15 years.

## STRIKE IN ARGENTINE

Buenos Aires, Jan. 10—A general strike was declared throughout the Argentine republic at midnight last night. Several thousand troops are being assembled for strike duty.

## STRENGTH FOR YOUNG MOTHERS

How Lydia E. Pinkham's Vegetable Compound Restores Health and Strength.

Lansing, Mich.—"After the birth of my child I was not able to stand on my feet. I was so weak I could not get up. I suffered such pains in my back I could not work or hardly take care of my baby. One of my neighbors recommended Lydia E. Pinkham's Vegetable Compound. I took it and used Lydia E. Pinkham's Sanative Wash, and I got better right away and was soon a new woman and could work hard, and I can recommend these remedies to other young mothers who are weak and ailing as I was."—Mrs. C. O. BOWERS, 621 S. Hooper Street, Lansing, Mich.

### The Joy of Motherhood Told

Women Tell How They Made Event One of Great Happiness.

In every part of the land there are women who tell how, through the application of Mother's Friend, they entirely avoided the suffering usually incident to motherhood. They relate in no uncertain terms how from its use the days were made bright and cheerful and the nights calm and restful, how the crisis was passed without the usual suffering experienced when nature is unaided, and how they preserved their health and strength to devote it to the rearing of their children and to the things life holds for them.

Mother's Friend is a most penetrating remedy, prepared especially for expectant mothers from a formula of a noted physician. Strain upon the ligaments is avoided, and instead of a period of discomfort and constant dread it is a season of calm repose. The hours at the crisis are less, and Mother's Friend enables the mother to retain her natural grace, and her skin is not cracked and does not become hard or discolored.

Write to the Bradfield Regulator Company, Dept. L, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist today.

### DOCTOR FOOLED BY TWINS

Candidate for Merchant Marine Go Much Alike One of Them Is Examined Twice.

Boston, Mass.—Two nineteen-year-old brothers—James H. Miller and Earl W. Miller of Chadbourne, N. O.—are the twinliest twins that ever hit Duke Sam's merchant marine training ship here.

The examining surgeon was the first to be fooled. First he examined James R. Then he turned to his desk to make out his record, taking for granted that James would pass to the next room. But he didn't. He thought there was more to come. And of course he was examined again. "Gosh," he thought, "they do a pretty thorough job here."

"Earl," said the doctor, still talking to James, "you sure are an image of your brother."

Just then Earl entered the room. "I'm through with you, James," said the doctor, speaking to Earl.

"Don't I get examined?" inquired Earl. And then a great light dawned on the doctor.

## For Colds and Grippe Doctors Find Remedy

Physicians and druggists are elated over the fact that they have at last found a genuine and dependable remedy for colds, sore throat, influenza and la grippe. For years they have depended chiefly upon the old style calomel, which is certainly fine, but unfortunately many people would not take it because of its nauseating and dangerous qualities.

Now that the pharmaceutical chemists have perfected a nausealess calomel called "Calotabs," whose medicinal virtues are vastly improved, the doctors and druggists are claiming that Calotabs are the ideal remedy to abort a cold over night and cut short an attack of sore throat or la grippe. They are also finding it most effective as the first step in the treatment of pneumonia.

One Calotab on the tongue, at bed time, with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your eating or your work and pleasure. The next morning your cold has vanished and your whole system is purified and refreshed. Calotabs are sold only in original sealed packages; price thirty-five cents. Your druggist recommends them.

I had previously taken a lot of salts and pills without real relief." (From a letter to Dr. Caldwell written by Mr. A. Forester, Princess Anne, Md.)

Constipation is one of the penalties of age that should never be neglected—Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that relieves constipation in an easy, natural manner, without gripping or strain, and is as positive in its effect as it is mild and gentle in its action.

### LEADS IN SWEET POTATOES

Alabama Raises One-Fifth of the Entire Sweet Potato Crop of the United States.

Montgomery, Ala.—Alabama will raise 16,568,000 bushels of sweet potatoes this year, a gain of over half a million bushels over last year, when it was reported that 60 per cent of the crop was lost through rotting, a loss of nearly \$9,000,000, says the bureau of crop estimates of Alabama. This year's estimate indicates that Alabama has raised one-fifth of the entire sweet potato crop of the United States and places Alabama in the lead in the production of this vegetable.

Mrs. Combs Entertains in Lexington.  
Mrs. Newton Combs entertained about thirty guests at her home on Kentucky avenue, Lexington, Thursday afternoon. Bridge was played and prizes pleasing to feminine taste were awarded at the close of the afternoon. A luncheon of two courses was served, several guests coming in for this feature who did not play bridge. Mrs. Kennedy DeHaven assisted at the table where punch was served. The decorations were in keeping with the holiday season. Those present were Mesdames William Embury, Tom Scott, Harry Hughes, Frank Jones, J. How a Father Has Learned to Save Shoe Bills.

"My son is very hard on shoes, so keeping him properly shod has been quite an expense to me," writes Mr. J. Allison Allen, of Amity, Arkansas. "But since I started to buy Neolin-soled shoes for him I have found that it costs only about a third as much to keep him in shoes."  
This is because Neolin Soles are so tough and durable that they wear a very long time. Shoe bills are kept down because you don't need so many pairs.  
You can get Neolin-soled shoes at almost any good shoe store. They come in all styles and for all members of the family. Neolin Soles are also available everywhere for re-soles. They are produced by a scientific process to be what soles ought to be: comfortable, waterproof and long-wearing. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

### HOW TO FIGHT SPANISH INFLUENZA

BY DR. L. W. BOWERS

Avoid crowds, coughs and cowers, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, a clean skin, and clean bowels are a protecting armour against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-nuric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Ironie (iron tonic) tablets, which can be obtained at most drug stores, or send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

### BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

### BONDS PROVE MAN'S LOYALTY

Papers and Accounts of Drowned German Show He Had Invested \$20,000 in Liberty Bonds.

Gray, Me.—Hidden in the fireplace in the camp owned by Edwin Coolbaugh of New York, who was drowned while crossing the ice on Little Sebago lake, were bonds valued at \$11,000 and \$45 in currency. Private papers and accounts showed Coolbaugh had invested \$20,000 in Liberty bonds. As a result of Coolbaugh's admission that he was of German descent, federal inquiry has been made concerning him in New York and Milwaukee, but no ground whatever was found for suspicion against the man. An irregularly drawn will leaving the greater part of his estate to his fiancée, Miss Helen Morrison of New York was found.

Ernest Lister. By this plan it is expected homes may be made for 60,000 families.

### How Banyan Spreads.

The banyan of India, an ornamental fig, throws out aerial roots from the branches; these reach the soil, take root, and form new trunks, and eventually become almost a forest of sometimes thousands of trunks, covering many acres of ground and some of them 15 feet in diameter.

### The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire.  
There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.  
The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle to-day at any drugstore, and you will see results from the right treatment. Write for expert medical advice, which you can get without cost, by addressing Medical Director, 21 Swift Laboratory, Atlanta, Ga.

### "OVER THE TOP,"

Sergeant Empey's Interesting Story of the War.

"Where do you come from?" I answered:

"From the big town behind the Statue of Liberty," upon hearing this she started jumping up and down, clapping her hands, and calling out to three nurses across the ward:

"Come here, girls—at last we have got a real live Yankee with us."

They came over and besieged me with questions, until the doctor arrived. Upon learning that I was an American he almost crushed my hand in his grip of welcome. They also were Americans, and were glad to see me.

The doctor very tenderly removed my bandages and told me, after viewing my wounds, that he would have to take me to the operating theater immediately. Personally I didn't care what was done with me.

In a few minutes, four orderlies who looked like undertakers dressed in white, brought a stretcher to my bed and placing me on it carried me out of the ward, across a courtyard to the operating room or "pictures," as Tommy calls it.

I don't remember having the anesthetic applied.

When I came to I was again lying in a bed in Munsey ward. One of the nurses had draped a large American flag over the head of the bed, and clasped in my hand was a smaller flag, and it made me feel good all over to again see the "Stars and Stripes."

At that time I wondered when the boys in the trenches would see the emblem of the "land of the free and the home of the brave" beside them, doing its bit in this great war of civilization.

My wounds were very painful, and several times at night I would dream that myriads of khaki-clad figures would pass my bed and each would stop, bend over me, and whisper, "The best of luck, mate."

Soaked with perspiration I would awake with a cry, and the night nurse would come over and hold my hand. This awakening got to be a habit with me until that particular nurse was transferred to another ward.

In three weeks' time, owing to the careful treatment received, I was able to sit up and get my bearings. Our ward contained seventy-five patients, 90 per cent of which were surgical cases. At the head of each bed hung a temperature chart and diagnosis sheet. Across this sheet would be written "G. S. W." or "S. W.," the former meaning gun shot wound and the latter shell wound. The "S. W." predominated, especially among the Royal Field artillery and Royal engineers.

About forty different regiments were represented, and many arguments ensued as to the respective fighting ability of each regiment. The rivalry was wonderful. A Jock arguing with an Irishman, then a strong Cockney accent would butt in in favor of a London regiment. Before long a Welshman, followed by a member of a Yorkshire regiment, and, perhaps, a Canadian intrude themselves and the argument waxed loud and furious. The patients in the beds start howling for them to settle their dispute outside and the ward is in an uproar. The head sister comes along and with a wave of the hand completely routs the doughty warriors and again silence reigns supreme.
